- If you will involve your own intellectual capital in whom you're spending lucrative amount per month. The in-house team will not commit fully due to other obligation and teaching assignment. On the other hand Scholastic team facilitate in doing your job from underneath to pinnacle with the same cost and do some add-on like applying Algorithm and Citation, mentoring of in-house team in the same institution at later stage and make this e-publishing auto mode with a span of time.

**How the Credit ability of an institute deteriorated without periodicals**

- As we know that Institution creditability would be judged on the basis of the periodicals they published as these periodicals such as newsletters, journals, magazines, annual reports, etc are their front face and if these front face are digitally equipped it would be definitely a win-win stage for the students and the institutions and further by adding a feather in a cap.
